

Policy _____

Subject: **Environmental Policy**

Effective: January 17, 2011

Preamble: Sussex Golf and Curling Club will proactively manage the Club's interaction with the environment by establishing and maintaining standards of environmental excellence.

1.0 The club will be managed to meet or exceed environmental regulatory requirements.

2.0 The club will encourage and support staff training and participation in environmental certification programs to keep the Club current in environmental matters.

3.0 The club will communicate environmental policies and programs to members as necessary and/or as they are developed.

4.0 Environmental Action Plan - The club will prepare and implement an Environmental Action Plan which will be a dynamic document used as a check list to monitor activities and as a basis to initiate action. A committee will be established to manage the implementation of the action plan and monitor progress of the plan on an annual basis.

5.0 Administration of the Policy: The Environmental Policy shall be administered by the General Manager in close consultation with the Golf Course Superintendent.

6.0 The Board of Directors will review this policy annually, making amendments as necessary to ensure its relevance and purpose.
